How Rankings Work

Rankings require a dog to have a minimum of 3 Qs per game AND per level for scoring at each level during the year.

Ranking for levels: An average of their 3 best scores will be taken to establish the fastest times per level. In the event of a tie for level placements, ALL Qs will be counted for each dog to determine average speed.

Comment les placements fonctionnent-ils?

Un placement nécessite qu'un chien aie un minimum de 3 Qs par épreuve ET par niveau pour les scores de niveau au courant de l'année.

Placements par niveau: Une moyenne de leur 3 meilleurs scores sera faite pour établir les temps les plus rapides par niveau. Dans le cas d'égalité par niveau, TOUS les Qs de chaque chien seront comptés pour établir leur temps moyen.
